

MXN00320 WorkStar® 320 Pocket Floodlight Inspection Light

Features – Benefits

- Over 170 lumens of brilliant white light lets you easily see into the most obstructed areas
- Clear even, floodlight pattern without hot or dark spots makes it easy to see what you are looking at
- Constant current LED drive ensures constant light output level regardless of battery charge state.
- Compact, 5 inch length and light in weight – clips quickly and easily into pocket
- Two position tailcap switch has a momentary and a full on position
- Rugged black anodized aluminum body
- 2 AAA alkaline batteries included - Compatible with NiMH and 1.5V lithium batteries

MXN00320 Pocket Floodlight

Summary

The WorkStar® 320 Pocket Floodlight penlight is a high performance LED inspection light that provides a brilliant white, flood-style beam. Constant current LED drive ensures constant light output level regardless of battery charge state. This compact, 5" inspection light weighs only an ounce and clips easily into any pocket. The tough aluminum body has Type II black anodizing, knurled surfaces that provide good grip and is virtually indestructible. All threaded joints have rubber O-rings so it is water resistant. The switch is sealed to avoid contamination by dirt and grit and has the standard ON/OFF position plus momentary ON action. In addition, the rubber cap and glass lens are user replaceable. It's the ideal inspection tool for trades and techs. Includes 2 AAA alkaline batteries and is compatible with NiMH and 1.5V lithium batteries.

Parameter	Performance
LED Brightness	170 Lumens OTF (out the front power)
Forward Current	350 mA constant current
