- Charge time 4 hours
- Includes 120v charger, 3 foot coil cord extension for belt-mounting battery pack, USB cable and package of 4 hard hat mounting clips
- Optional spare battery pack available, MXN00600

Summary

The WorkStar 620 Technician's Headlamp is a high performance rechargeable LED light with up to 700 lumens. This lighting tool uses a brilliant white light to brightly illuminate your work space and is an indispensable lighting tool for all tradesmen. The beam has adjustable focus for distance, allowing you to select the appropriate beam dimensions, either flood or spot, depending on the distance from the work area. A single switch lets you select High, Medium or Low light output as needed. The light head pivots up or down to direct the light, letting you easily light up the work area, regardless of whether you are standing, sitting or lying on your back. The comfortable adjustable head strap makes it easy to wear for extended periods of time. Comes with a 3 foot coil cord for mounting the battery pack on belt. Includes 120v charger and USB cable. Optional spare battery pack available, order number MXN00600.

2nd Gen WorkStar® 620 Technician's Rechargeable Headlamp SKU: MXN00620

Parameter	Performance
